

FAQ's about MOT at Home

Q: "How can I watch the movie on Friday, May 15?"

A: After making your donation, you will receive a Netflix link via email, which will allow you to watch the movie on any of the following devices:

1. Phone – any Android or iOS device (mobile Netflix App)
2. Tablet/iPad (mobile Netflix App or web browser)
3. Laptop
4. Desktop
5. TV – **Please Note:** If you want to watch on your TV, there are a few options. 1) Open the link on your device initially (phone, desktop, tablet) and then jump over to your app on your tv to "continue watching". Your account will recognize that you started to watch a movie. 2) Set up by hooking your laptop up to your TV (HDMI cable) to easily navigate your browser.

The Netflix Party link you receive via e-mail works on all of these devices seamlessly.

We have tested the app a few times, across several devices and plenty of friends, so it should work (crossing our fingers)!

Q: "What if I don't have Netflix?"

A: Right now, you can sign up for free for a trial period during the Pandemic. If you don't feel like signing up for Netflix, we encourage you to find other options of watching this movie with us on **Friday, May 15th at 8:00pm**. Whether it be *Xfinity On-Demand, Roku, Amazon Fire, Apple TV, Disney +, DVD, Blue Ray* – we encourage you to watch with us while also consider a donation to those restaurant workers in critical need of supplemental income during the restaurant shutdowns.

Q: "Is there a Chat Room feature?"

A: Netflix Watch Party offers a feature in which you can chat with anyone else who is also watching the movie. In order to do this, you need a Chrome Browser extension installed on your device.

Q: "Doesn't Movies on Tap usually feature a brewery?"

A: Yes, Movies on Tap is usually paired with a great local brewery. But unfortunately, under the circumstances, we are unable to deliver beer to everyone's doorstep. But if you like, please feel free to grab your favorite local batch of brew –and order take-out from your favorite local restaurant – to enjoy during the movie.
